

Lab: Generative AI for Storytelling

Estimated time needed: 30 minutes

Learning objectives

After completing this lab, you will be able to:

- Sign up in Zoho Analytics and upload a dataset
- Generate a report by prompting Zia AI

Welcome to the lab on **Generative AI for Storytelling!**

Overview

In this lab, you will learn how to use Generative AI to prepare a report for your data using charts and insights.

To begin, you need to create your login on the [Zoho Analytics website](#) page.

Task 1: Sign up in Zoho Analytics

Step 1: Click www.zoho.com/analytics/

Step 2: Fill in the required information and click the SIGN UP FOR FREE button.

Note: You can sign up for Zoho Analytics using various options such as Google, LinkedIn, or a Zoho email account. The platform offers a 15-day free trial without requiring any credit card details.

The screenshot shows the Zoho Analytics website. The browser's address bar displays 'zoho.com/analytics/'. The top navigation bar includes the Zoho logo, a menu with 'DataPrep', 'CRM', 'Creator', 'Books', 'RPA', 'Inventory', and 'All Products', a search icon, 'English', and a 'SIGN IN' link. A banner below the navigation bar states: 'Zoho Analytics has been recognized in the 2025 Gartner® Magic Quadrant™ for ABI Platforms. READ MORE'. The main header features the Zoho Analytics logo and navigation links: 'Platform', 'Features', 'Solutions', 'Pricing', 'Success Stories', and 'Resources'. The main content area has a sub-header 'AI-Powered Self-Service BI and Analytics Platform' and a large heading 'Go from data to insights in minutes'. Below this heading are three checkmarks: 'Connect Data', 'Visually Analyze', and 'Get Actionable Insights'. On the right side, there is a sign-up form with the following elements: radio buttons for 'Cloud' (selected) and 'On-premise'; a 'Work Email' input field; a 'Password' input field with an eye icon; a phone number input field with a '+91' country code dropdown and a 'Phone Number' label; a checkbox for 'I agree to the Terms of Service and Privacy Policy.'; a 'SIGN UP FOR FREE' button; and a link 'or sign in using' followed by Google and LinkedIn icons. A large grey arrow points towards the sign-up form.

Step 3: On the Welcome screen, click Get Started.

The image shows a screenshot of the Zoho Analytics interface. A large, light gray modal window is centered on the screen, titled "Welcome Pratiksha!". The modal contains a brief description of Zoho Analytics as an online reporting and business intelligence service. Below this, it outlines a three-step process to get started: 1. Import/Connect Data (represented by a download icon), 2. Create Reports & Dashboards (represented by a bar chart icon), and 3. Share & Embed Reports & Dashboards (represented by a share icon). A "Get Started" button is prominently displayed at the bottom of the modal. To the right of the modal, there is a "Looking for help?" section with two video thumbnails: "Watch getting started video" and "How to create dashboard?". The background of the interface shows a sidebar with various categories like "All", "Most Popular", "Recently Added", "Files & Feeds", "Cloud Storage/Drive", "Databases & Data", "Streaming Data", "Zoho Apps", "Sales/CRM", "Marketing", "Finance", "Human Resources", "IT & Help Desk", "ERP", and "Project Management". The top of the interface includes the Zoho Analytics logo, the user's name "pratikshaverma.96", a "Premium Trial - 14 days left" notice, and a "UPGRADE" button.

Step 1 of 2: Import Your Data

Import data from Excel, CSV, HTML, XML, JSON, Statistical & MS Access files

Workspace Name* (?)

Workspace - 1

Description

File Type

CSV,TSV & Other Text Format

Data Location

☒ Local Drive ☐ Pasted Data ☐ FTP

File* Try Sample

Choose File No file Selected

(Supported file formats: .CSV, .TSV and other text files)

Note:

- For other file formats, Choose the corresponding 'File Type' option above.
- For large size CSV or TSV or Text file, we recommend to zip it and upload.
- Zipped CSV, TSV or Text file should contain only one file in it.

Cancel Next

General Info:

Data size should be less than **100 MB** and the number of rows should be less than **1 Million**

To Upload more, use our Databridge, provided your data is in CSV or TSV text file formats

Contact support@zohoanalytics.com for any assistance

?

Step 4: Select and upload the `electronics_dataset.csv` file. Now, click **Next**.

Task 3: Using Zia AI to explore data and generate reports

Step 1: Go to the left corner, click More and select Ask Zia option.

Step 2: Enter the following prompts one by one in the Zia AI prompt bar and generate all the charts through Zia.

Prompt 1:

Show a line chart of total revenue grouped by month using the Order Date column.

Sample output

You can click **Zia insights** icon on the top-right corner to see the detailed insights of the generated chart as shown below.

Sample output

Prompt 2:

Create a bar chart of the top 10 products by total revenue.

Sample output

Prompt 3:

Create a pie chart showing each product's contribution to total revenue.

Sample output

Prompt 4:

Create a pivot table with product name, total quantity ordered, and total revenue.

Sample output

Step 3: After generating all charts go to **Dashboard** and select **Create new Dashboard**

Step 4: Drag and drop the dataset in the report section.

Video Demo | How to create dashboard?

Copy From Existing Dashboard

Step 5: Click **Save**, enter the dashboard name, and click **Ok** to save the dashboard.

Task 4: Finalizing the charts to be used in the report

Step 1: Go back to Zia, save, and add the charts to the dashboard one by one that you created earlier.

Repeat the same step to add the other charts to the dashboard.

Step 2: Once the charts are added, go to the dashboard to find the charts that you have added.

Task 5: Saving and sharing the report

Step 1: Go to the View Mode.

Step 2: To export the dashboard, click **Export** and select the appropriate option to download the dashboard.
